Section G Minors

Is any account owner or authorised signatory a Minor? Yes No

If any Account Owner or Authorised Signatory is under 18 years of age, the Account Owner(s) fully indemnify Rabobank for any loss it may suffer due to the minor's age. If the minor is the sole Account Owner, a parent or guardian who is 18 years of age or over must sign below and thereby give the same indemnity. If there is no Line of Credit, this indemnity is limited to \$50,000 plus any fees and interest. Any person giving such an indemnity may become liable under that indemnity instead of, or as well as, the minor. Independent legal advice should be sought before giving such an indemnity. Rabobank does not apply the tax free threshold to accounts owned by minors. If you are eligible, you will need to obtain a rebate from the ATO.

Authority to Operate

- 4.1 An Authorised Signatory is nominated by, and ceases on receipt of, written instructions delivered to Rabobank by hand, post or electronic means signed by the Depositor. This authority also ceases on death of the Authorised Signatory. However, on receipt of written instructions signed by the Depositor, the Depositor or a properly authorised broker/intermediary may supply to Rabobank a list of persons from time to time, along with their specimen signatures, who will be Authorised Signatories.
- 4.2 An Authorised Signatory may give instructions individually in connection with the Deposit as if they were a Depositor, including:
 - (a) making withdrawals from the Deposit to the Nominated Account;
 - (b) in relation to matured funds to be reinvested in another Deposit or repaid to the Nominated Account;
 - (c) in relation to the reinvestment of Deposit funds into a new Deposit (except that they may not nominate another Authorised Signatory); and
 - (d) in relation to opening a new Deposit with funds from an account held with another financial institution.
- 4.3 The Depositor will be responsible for the Authorised Signatory(ies) receipt of and compliance with the terms and conditions of the Deposit, including the Privacy Consent.

- 5.1 Proceeds of cheques are not available until cleared. Clearance usually takes five Business Days.

Instructions

- 6.1 Rabobank may act on telephone instructions in certain circumstances.

Rabobank will not be responsible to the Depositors for any loss that you suffer as the result of any delay or loss in transit of any message, letter or document, or the delay, mutilation, omission or other error in the transmission of any facsimile, email, telex or other transmitted message or any error in translation or interpretation of technical terms or arising from any ambiguity in instructions from the Depositor(s), Authorised Signatory(ies) or an Intermediary or in connection with any reliance placed by Rabobank in good faith on

such messages or as a result of such message not having been properly authorised by the person by whom it is purported to have been sent.

- 6.4 Rabobank may refuse to act on any instructions which it considers may be invalid or unlawful.
- 6.5 Rabobank may refuse to act on any instructions if it is notified if there is a dispute between Depositors.

Interest

- 7.1 Interest on a FMDs is calculated on the basis of the number of days from and including the date of acceptance or interest payment up to but excluding the date of withdrawal or next interest payment. The interest rates for FMDs are variable and are based on the prevailing bank bill swap rates. Interest rates are tiered which means that a different rate may apply to your FMD, depending on the balance of the deposit. The interest rate applicable to your FMD is the variable rate and is set out in the statement of account. The daily variable rate is the annual variable rate divided by 365. Interest on FMDs is paid every three months from the date on which the Account was opened in arrears and credited to the Nominated Account. Interest is calculated by applying the daily variable rate to the daily closing principal balance. Interest calculated from the last interest payment date before final withdrawal will be paid on final withdrawal.
- 7.2 Interest on Short-term FMDs is calculated on the basis of the number of days from and including the date of acceptance or interest payment up to but excluding the date of maturity or withdrawal. The interest rates offered for Short-term FMDs can vary and are based on the prevailing bank bill swap rates. Interest rates are tiered, which means that a different rate may apply to your Short-term FMD depending on the balance of the deposit, however for each term, the interest rate remains fixed for that term to maturity. The interest rate that applies to a Short-term FMD is the rate specified in a confirmation and the daily interest rate is the rate specified divided by 365. Interest on Short-term FMDs is calculated by applying the daily variable rate to the daily closing principal balance. Interest on Short-term FMDs is not compounded and is paid on withdrawal or maturity to the Nominated Account.
- 7.3 Interest on Long-term FMDs is calculated on the basis of the number of days from and including the date of acceptance up to but excluding the date of maturity or withdrawal. The interest rates offered for Long-term FMDs can vary and are based on the prevailing bank bill swap rates. Interest rates are tiered, which means that a different rate may apply to your Long-term FMD depending on the balance of the deposit, and the interest frequency selected, however for each term, the interest rate remains fixed for that term to maturity. The interest rate that applies to a Long-term FMD is the rate specified in a confirmation. Interest on a Long-term FMD is paid in arrears quarterly, half-yearly or yearly as chosen by the Depositor from the date of acceptance. It is paid in equal instalments over the chosen term to the Nominated Account.
- 7.4 Information on current interest rates is available from any Rabobank branch or by calling 1800 632 113 or visit our web site www.rabobank.com
- 7.5 Worked Dollar Example (for illustration only): Long-term FMD of \$10,000 held for 1 year with interest at 5% p.a. will earn \$500 interest.

Withdrawals – Variable FMDs

- 8.1 Any requests for withdrawal of part or all of a Variable FMD may be accepted by telephone if funds are to be repaid to the Nominated Account.
- 8.2 If funds are to be repaid and transferred to an account other than the Nominated Account, any such Request must be in writing.

Maturity – Term FMDs

- 9.1 Prior to maturity, Rabobank will send a written notice, either by letter to your nominated postal address or electronically by email to your nominated email address, requesting instructions as to whether the Depositor seeks reinvestment in another FMD or repayment of the maturing funds.
- 9.2 After receiving an instruction for repayment, the funds will be repaid to the Nominated Account.
- 9.3 If no such instructions are received prior to maturity, the funds will be reinvested in a new Variable FMD, at the then current rate applicable to Variable FMDs, on the same terms and conditions except to the extent determined by Rabobank and will have the same manner of operation.

Early Withdrawal – Term FMDs

- 10.1 When you invest in a Term FMD, you agree to invest a fixed amount for a fixed term at a fixed interest rate. During its term, you must provide us with at least 31 days' notice to withdraw any funds from your Term FMD prior to maturity unless financial hardship applies as defined by Rabobank. On the date of your request for early withdrawal, net accrued interest to date of request, less any break costs, will be paid to your Nominated Account. You will continue to receive interest at the same rate on your principal until the new maturity date at which time the principal and accrued interest for this 31 day period will be paid to your Nominated Account. If you have less than 31 days remaining of the term, the earliest you may access the funds is following maturity unless financial hardship applies as defined by Rabobank.
- 10.2 If you may have a need in the future to immediately withdraw or transfer funds in your Term FMD, other Rabobank deposit products may be more appropriate.
- 10.3 If you reinvest in another Term FMD, you may withdraw or transfer the funds in the new Term FMD without incurring a fee or incurring a reduction in the return at any time during the 7 day grace period after your maturity date of the product or on the following day. If you consent to your Term FMD rolling over at maturity, it may roll over into a Term FMD with a lower interest rate.
- 10.4 If a Depositor wishes to break part or all of a Term FMD prior to maturity, it must provide instructions in writing.
- 10.5 For Term FMDs opened before 1 August 2019, the break cost in clause 10.6 will apply. For all other Term FMDs, we will apply an early withdrawal fee, the amount of which will be equivalent to reducing the interest rate on your Term FMD according to the following calculation:

% of Term Elapsed at Withdrawal Date	Reduction to interest rate applying to the Term FMD
Less than 20%	80%
20%<40%	60%
40%<60%	40%
60%<80%	20%
80%-100%	10%

Example: You have a \$20,000 Term FMD invested for 1 year (365 days) at 2.50%p.a. and you request to withdraw it after 210 days. The interest that has accrued is: $\$20,000 \times 2.50\% \text{p.a.} \times 210 / 365 = \287.67 .

To determine the reduced interest rate to apply we divide the elapsed term of 210 days by the full term of 365 days to get an elapsed term percentage figure of 57.53%. In accordance with the above table, as the term elapsed is between 40-60%, we will apply a 40% reduction to the 2.50%p.a. calculated as follows: $2.50\% \text{p.a.} - (2.50\% \times 40\%) = 1.50\% \text{p.a.}$

Interest calculated using the new reduced interest rate is:
 $\$20,000 \times 210 \text{ days} \times 1.50\% / 365 = \172.60 .

The interest adjustment is therefore: $\$287.67 - \$172.60 = \$115.07$.

No early withdrawal interest adjustment will be applied if you withdraw funds within 7 days after reinvesting your term deposit (i.e. during the grace period).

- 10.6 For Term FMDs opened before 1 August 2019 (but not including where such Term FMD has been reinvested or rolled over after this date) you must pay a break cost (as determined by us) on the part terminated may be deducted from the interest on the FMD (but not the principal) or otherwise charged to you. Break costs represent the future cashflow losses incurred by Rabobank as a result of interest rate differentials that exist between wholesale market rates applicable to the existing term deposit and current wholesale market rates applicable for the remaining period of the term deposit, adjusted to reflect a net present value. Break costs increase in line with increases in the following: interest rates, the amount withdrawn and the market margin and Rabobank's costs of meeting the early withdrawal. Further information is available on request.
- 10.7 The principal and any interest payable (less any early withdrawal fee or break cost) upon early termination will be repaid by transfer to the Account from which you funded the Term FMD. If we have already paid you periodic interest on your Term FMD to another Account, and the total amount of that interest represents an overpayment to you once any reduced interest rate is applied, we may need to recover this from you.

Death of Depositor

- 11.1 Following the death of a Depositor, a Term/variable FMD will be closed and the funds transferred to a call deposit with no break costs incurred.

Statements of Account

- 12.1 Rabobank will send you a statement of account of your variable FMD every month (standard cycle) or after every withdrawal either by letter to your nominated postal address or electronically by email to your nominated email address.
- 12.2 Rabobank will give confirmations of interest payments for Term FMDs. For Term FMDs issued from 1 July 2019, Rabobank will also give account statements on a quarterly basis.
- 12.3 It is important that the Depositor(s) check the documents described in this clause and notify Rabobank immediately of any errors or unauthorised transactions appearing on them.
- 12.4 You may request a statement to be issued by telephoning the Client Services Team on 1800 632 113. Rabobank may charge a fee for the issue of a photocopy or copy of a statement.
- 12.5 Rabobank is not obliged to provide you with statements of accounts, if after taking reasonable steps to locate you, is unable to do so.

- 13.1 Rabobank does not levy account service fees on FMDs. Information on Rabobank's standard fees and charges relating to a FMD can be obtained on request, including by contacting Rabobank freecall on 1800 632 113.

Adviser Fee

- 14.1 Where an Adviser/Intermediary is involved in introducing you to a Rabobank Deposit, and you have agreed to pay your Adviser/ Intermediary a fee based on your Deposit amount and balance (and any subsequent Deposits such as rolled over Term Deposits) (Adviser Fee) and you agree for Rabobank to collect this Adviser Fee from the interest applied to your Deposit, Rabobank may, on your instruction, pay the amount you specify directly to your Adviser/Intermediary on your behalf. If you have nominated your Adviser/Intermediary to be an Authorised Signatory, you authorise Rabobank to disclose details regarding the investment, to the Adviser/ Intermediary. The Adviser Fee payable (if any) is the rate agreed by you to be charged by the Adviser/ Intermediary. The Adviser fee is deducted from the interest paid by Rabobank on the Deposit. Contact your Adviser/Intermediary or Rabobank for details. Rabobank will not pay any amount of Adviser Fee if it is prohibited by any relevant law to do so or if you tell us in writing to cease such payments.

Statements to be read by Depositors

Authorised deposit taking institution

Rabobank is the FMD provider issuing this application form and is an authorised deposit taking institution for the purposes of the *Banking Act 1959*.

Purpose of Farm Management Deposits scheme

The farm management deposits scheme is designed to allow individuals carrying on a primary production business in Australia, with taxable non primary production income, to shift before tax income from years when they need it least to years when it is most needed. The scheme helps those individuals to manage their exposure to adverse economic events and seasonal fluctuations.

Eligibility criteria apply to individuals carrying on a primary production business in Australia under the scheme.

Note Primary production business and carrying on a primary production business are explained in subsection 995-1 (1) of the 1997 Act.

Tax consequences for Farm Management Deposits

The scheme allows individuals carrying on a primary production business in Australia to deduct the amount of any farm management deposit they own from their assessable income for the income year in which the deposit is made. However, the amount of the deductions cannot exceed the owner's taxable primary production income for the income year.

Under the Pay As You Go system, owners may reduce their instalment income for an instalment period by the amount of farm management deposits made during that period. The reduction is limited to the amount that the owners can reasonably expect to deduct for the deposit for the income year in which the deposit is made. However, the instalment income for the period cannot be reduced below nil.

When a farm management deposit is repaid to an owner in an instalment period, the instalment income of the period will include the amount of the repayment. But the owner's instalment income will only include so much of the repayment as will be included in the owner's assessable income for the income year in which the repayment is made.

If neither the owner's tax file number nor Australian Business Number has been quoted to the FMD provider that holds the deposit, the amount repaid will also be subject to withholding at a rate equal to the sum of the top marginal tax rate and the Medicare levy.

Important requirements for Farm Management Deposits

Some of the requirements for farm management deposits are summarised below. There are also other requirements set out in the 1997 Act. A breach of some of the requirements will result in the deposit not being treated as a farm management deposit, and the tax benefits will be lost.

- The owner must be an individual who is carrying on a primary production business in Australia when the deposit is made.
- The deposit must be made by only one individual and on behalf of only one individual.
- Rights of the depositor are not, and must not be, transferable to another entity.
- The deposit must not be used as security for any amount owed to the FMD provider or any other entity by the depositor or any other entity.
- Interest or other earnings on the deposit must not be invested as a farm management deposit with the FMD provider without having first been paid to the depositor.
- If the depositor requests in writing, the FMD provider must electronically transfer the deposit, or part of the deposit, to another FMD provider that agrees to accept it as a farm management deposit.
- The FMD provider must not deduct any fees from the principal of a farm management deposit. However, it may charge fees on the deposit.

Repayment of Farm Management Deposits

The tax benefits are not retained for deposit amounts repaid within the first 12 months after the deposit was made, unless the repayment is made:

- (a) in exceptional circumstances, and the deposit was made before the declaration of exceptional circumstances; or
- (b) because the owner:
 - (i) dies; or
 - (ii) becomes bankrupt; or
 - (iii) ceases to carry on a primary production business in Australia and does not start carrying on such a business again within 120 days; or
 - (iv) has requested the deposit, or part of the deposit, to be transferred to another FMD provider; or

(c) because the following circumstances relating to repayment in the event of a natural disaster, exist, namely:

- (i) Recovery assistance has been provided:
- as a Category C measure, as defined in the Natural Disaster Relief and Recovery Arrangements determined by the Attorney-General on 21 March 2011; and
 - in the form of a recovery grant for a primary producer, as described in those Arrangements.
- (i) The recovery assistance was first provided during the 12 month period after the farm management deposit was made.
 - (ii) The farm management deposit was repaid after the recovery assistance was first provided.

Additional information

- The minimum deposit threshold is [\$1,000]
- The maximum deposit limit is [\$800,000]
- An individual can own more than one farm management deposit, and can own farm management deposits with different FMD providers, but the sum of the balances of all of the farm management deposits of an owner must not be more than the maximum deposit limit.
- The amount of any repayment of the deposit must be at least [\$1,000], except where the entire amount of the deposit is repaid.
- The taxable non primary production income for the year of income must not exceed [\$100,000]
- If the depositor has provided neither the depositor's tax file number nor the depositor's Australian Business Number, any repayment will be subject to the withholding rate, which is the sum of:
 - the top marginal tax rate for the income year in the year of deposit [currently 45%]; and
 - the Medicare levy [currently 2%].
