At maturity Principal and interest will be paid to the Rabobank Online Savings Account from which the Term Deposit was originally funded (e.g. High Interest Savings Account or Premium Saver) **unless otherwise instructed below.**

Reinvest principal and interest (For terms of 1 year or less and when interest is paid at maturity only)

Pay principal and interest to linked account Reinvest principal only Pay interest to linked account

If you need to access your funds from this Term Deposit prior to the maturity date, a 31 day holding period applies (except in the case of financial hardship). If there is 31 days or less remaining on the Term Deposit, the earliest you will be able to access your funds is at maturity (except in the case of financial hardship).

Break costs may also apply. If you're looking for more flexible access to your funds, other Rabobank Online Savings products may be more suitable. If you've chosen to automatically reinvest your Term Deposit, please refer to our rates closer to the date of maturity as Term Deposits may roll into a lower interest rate on maturity. We'll remind you when your maturity date is approaching.
