Interest on Overdrawn or Debit Amounts

For All in One Accounts without a Line of Credit

For All in One Accounts without a Line of Credit or agreed overdraft including an All in One Credit Only Account, interest on overdrawn/debit balances will be charged at the Rabobank Loan Variable Base Rate plus a fixed component of 6% p.a., in accordance with either: clause 7.2 of the Rabobank All In One - Conditions of Use or clause 7.2 of the Rabobank All in One – Regulated Loan Conditions of Use (as applicable).

Worked dollar example of interest on overdrawn amounts (for illustration only)

Unarranged overdrawn amount of \$120 for 30 days would be charged debit interest at an interest rate of 10% p.a. (if the Rabobank Loan Variable Base Rate was 4% p.a. plus fixed component of 6% p.a.) This would result in \$0.99 in interest, plus \$120 in principal repayable = a total of \$120.99.

Note: This example assumes a constant overdrawn amount but it may vary daily.

For Deposit Accounts

Interest on debit (negative) balances will be charged in accordance with clauses 3.4 and 6.5 of the Deposit Accounts Terms and Conditions. Such interest will be charged at the Rabobank base variable rate plus a fixed margin of 6.0% p.a.

Worked dollar example of interest on unarranged debt (for illustration only).

Unarranged debt of \$120 for 30 days at an interest rate of 10% p.a. (comprising 4.0% p.a. base variable rate plus 6.0% p.a. fixed margin) will cost \$0.99 in interest, plus \$120 in principal repayable = \$120.99. Note: This example assumes a constant variable component but it may vary daily.
