- Require at-call access to their funds
- Do not want to pay fees or charges
- Require the flexibility to make additional deposits at any time
- Would like to manage their savings account using internet and mobile banking

Objectives

The HISA and Purpose Saver Accounts have been designed for customers who:

- Seek to earn interest on their savings
- Seek a savings account with no minimum balance requirement
- Seek to retain their everyday banking account
- Seek access to the full suite of Rabobank Online Savings products

Financial situation

This High Interest Savings Account and Purpose Saver have been designed for customers who have surplus funds available for saving.

Excluded class of customer

The HISA and Purpose Saver Accounts have not been designed for customers who require branch and telephone banking access to their account.

Consistency between target market and product

These products are likely to be consistent with the likely objectives, financial situation and needs of the class of customers in the target market. This is based on an analysis of the key terms, features and attributes of the products and a finding that these are consistent with the identified class of customers.

Applications are subject to Rabobank Approval

Applications for the HISA and Purpose Saver Accounts are open to customers who meet the following requirements:

- New individual (including Joint applicants) and Self-Managed Superannuation Fund (SMSF) customers

We may waive any of these requirements at our discretion.

How this product is to be distributed

Distribution conditions

These products have been designed to be distributed through the following means:

- For HISA online via links on www.rabobank.com.au;
- For the Purpose Saver account via Rabobank Internet Banking Services including the Secure Site and Mobile App;
- The account cannot be opened in a branch or over the phone; and
- Rabobank approved intermediaries including:
 - a licensed professional (e.g. a financial adviser or broker); and
 - any other appropriately licenced distributor (e.g. comparison website)

Adequacy of distribution conditions and restrictions

By distributing the HISA via links on www.rabobank.com.au and the Purpose Saver via the Rabobank Secure Site and the Rabobank Online Savings Mobile App, it means that customers are able to view information about the product as they apply for it, and determine whether it meets their financial situation, needs and objectives. This makes it more likely that customers who acquire the products are in the target market.

Ensuring that distribution is also through Rabobank approved intermediaries who are licensed professionals (e.g. financial advisers or brokers) will make it more likely that customers are in the target market. This is because those professionals understand the target market of this TMD, and will assist distribution in being directed towards the target market for whom the products have been designed.

By distributing the products through Rabobank approved intermediaries who are appropriately licenced distributors – particularly comparison websites – this means that customers are able to view information about the product and compare it to other similar products which may then result in them going to the Rabobank website to view information about the product to confirm whether it meets their financial situation, needs and objectives. Use of these websites makes it more likely that customers who acquire the products are in the target market.

We have therefore determined that the distribution conditions and restrictions are appropriate and will make it likely that customers who purchase the products are in the class of customers for which they have been designed.

Reviewing this target market determination
